PAVEMENT
ASSOCIATION**

WISCONSIN CONCRETE PAVEMENT ASSOCIATION

ABOUT US

The Wisconsin Concrete Pavement Association (WCPA) is the statewide professional association of the concrete pavement industry. Since 1952, WCPA has been committed to representing the interests of our members by promoting the benefits of concrete pavement.

The members of the Wisconsin Concrete Pavement Association (WCPA) are Wisconsin-based contractors, cement and ready-mix producers, manufacturers, and suppliers.

We are recognized as the voice of the concrete pavement industry in Wisconsin. Our office in Madison allows close communication with the Wisconsin Department of Transportation.

OUR VISION STATEMENT

The WCPA will be recognized as the statewide representative for the concrete pavement industry by: providing a resource for education and research, developing new markets and technology and fostering a membership dedicated to building meaningful public and private partnerships for the purpose of promoting the use of concrete pavement as the best pavement value.

AMERICAN CONCRETE PAVEMENT ASSOCIATION

ABOUT ACPA

Founded in 1963, The American Concrete Pavement Association (ACPA) is the world's largest trade association that exclusively represents the interests of those involved with the design, construction, and preservation of concrete pavements. ACPA represents these interests at the national level to Congress, FHWA, FAA, national trade associations, and business organizations. ACPA supports research and promotion to improve the quality of concrete pavements and expand their use. ACPA provides engineering expertise, design tools, pavement specifications, construction best practices, and education to members and agencies. ACPA represents nearly 400 member companies and 2,300 individuals across the US and abroad.
